

# QUICK TOKEN GENERATOR

U S E R   G U I D E

# HOW TO MINT FUNGIBLE TOKEN

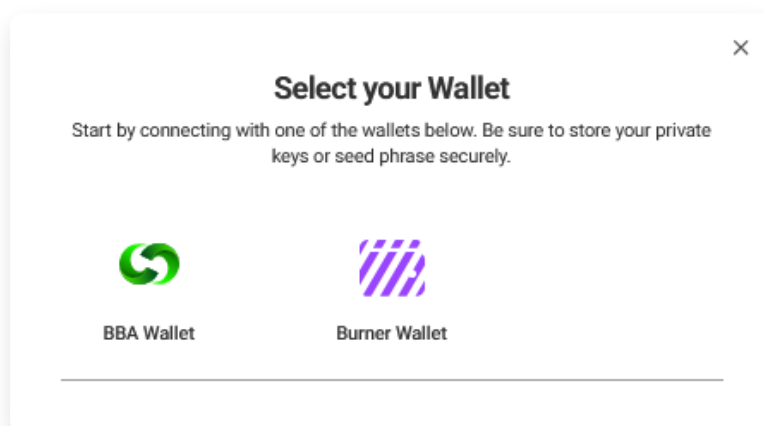

## STEP 1: ACCESS CREATE TOKEN PAGE

TO ACCESS CREATE TOKEN PAGE,  
YOU CAN FIND “CREATE YOUR TOKEN” BUTTON:

- | LOCATED ON THE LANDING PAGE, OR
- | FOUND IN THE NAVIGATION MENU.

## STEP 2: CONNECT YOUR WALLET

### BEFORE PROCEEDING:

- | CLICK THE “CONNECT WALLET” BUTTON IN THE NAVIGATION BAR.
- | THIS IS REQUIRED TO INTERACT WITH BBACHAIN.
- | IF YOU USE “BBA WALLET” PLEASE FOLLOW THIS INSTRUCTION TO INSTALL AND INTEGRATE WITH THE EXTENSION.

IF YOU SKIP THIS STEP, A WARNING MESSAGE WILL APPEAR ON THE  
CREATE TOKEN PAGE. YOU WILL NOT BE ABLE TO CONTINUE UNTIL  
YOUR WALLET IS CONNECTED.

## STEP 3: **FILL IN TOKEN DETAILS** (STEP 1 OF FORM)

The screenshot shows a multi-step form titled 'Token Details' with the subtitle 'Basic details about your token'. At the top, there is a progress bar with four steps: 'Token Details' (active, marked with a green circle), 'Token Icon', 'Features', and 'Create Token'. The form itself is divided into several sections: 'Token Name' with a text input field labeled 'Enter Token Name'; 'Token Symbol' with a text input field labeled 'Enter Token Symbol'; 'Custom Decimals' with a text input field labeled 'Enter Custom Decimals' and a small icon; 'Token Supply' with a text input field labeled 'Enter Token Supply' and a small icon; and a 'Description' section with a large text area labeled 'Add the token description'.

YOU'LL NOW SEE A MULTI-STEP FORM. IN THE FIRST STEP, ENTER THE FOLLOWING DETAILS:

**TOKEN NAME (REQUIRED)**

*EXAMPLE: MYTOKEN*

**TOKEN SYMBOL (REQUIRED)**

*EXAMPLE: MYT*

**CUSTOM DECIMALS (REQUIRED)**

*EXAMPLE: 18*

**TOKEN SUPPLY (REQUIRED)**

*EXAMPLE: 1000000*

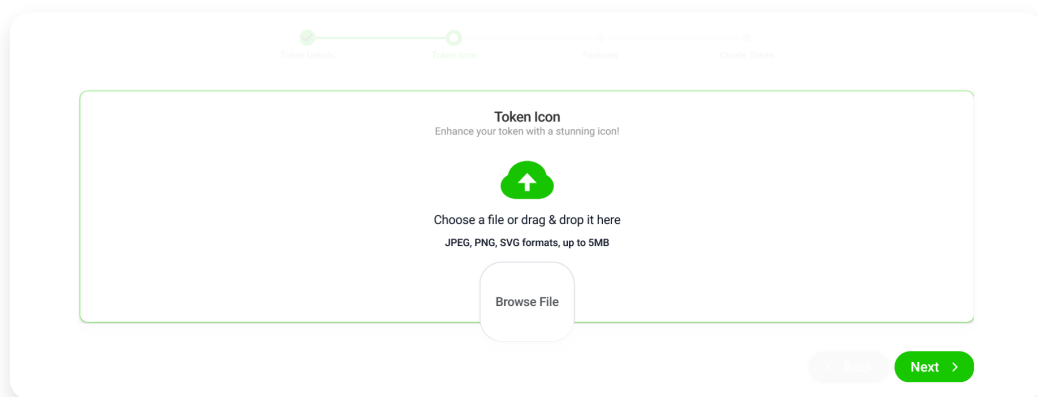

**DESCRIPTION (OPTIONAL)**

*A SHORT DESCRIPTION ABOUT YOUR TOKEN.*

ALL REQUIRED FIELDS MUST BE FILLED OUT. IF ANY ARE LEFT EMPTY, YOU WILL SEE A VALIDATION ERROR AND WON'T BE ABLE TO PROCEED TO THE NEXT STEP.

## STEP 4: **UPLOAD TOKEN ICON**

(STEP 2 OF FORM)

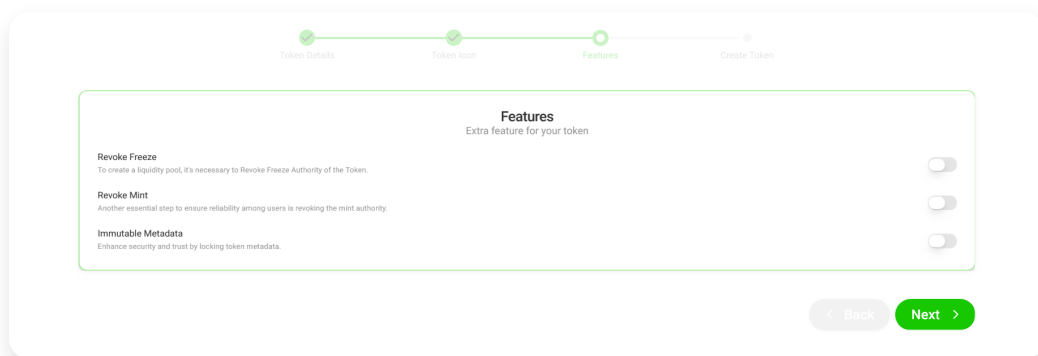

The screenshot shows a form interface for uploading a token icon. At the top, a progress bar indicates four steps: 'Token Details', 'Token Icon', 'Features', and 'Create Token'. The 'Token Icon' step is currently active. Below the progress bar, the section is titled 'Token Icon' with the subtitle 'Enhance your token with a stunning icon!'. In the center, there is a green circular icon with a white upward arrow. Below this icon, the text reads 'Choose a file or drag & drop it here' and 'JPEG, PNG, SVG formats, up to 5MB'. A 'Browse File' button is positioned below the text. At the bottom right of the form, there are two buttons: a grey 'Back' button and a green 'Next >' button.

### BEFORE PROCEEDING:

- | **UPLOAD YOUR TOKEN ICON.**
- | **MAX FILE SIZE: 5MB.**
- | **ACCEPTED FORMATS: PNG, JPG, JPEG, ETC.**

UPLOADING AN ICON IS MANDATORY TO PROCEED.

## STEP 5: SET TOKEN AUTHORITIES (STEP 3 OF FORM)

The screenshot shows a form titled 'Features' with the subtitle 'Extra feature for your token'. At the top, there is a progress bar with four steps: 'Token Details', 'Token Icon', 'Features' (which is the current step and has a green circle), and 'Create Token'. Below the progress bar, there are three toggle switches, all of which are currently turned off. The first toggle is labeled 'Revoke Freeze' with the description 'To create a liquidity pool, it's necessary to Revoke Freeze Authority of the Token.' The second toggle is labeled 'Revoke Mint' with the description 'Another essential step to ensure reliability among users is revoking the mint authority.' The third toggle is labeled 'Immutable Metadata' with the description 'Enhance security and trust by locking token metadata.' At the bottom right of the form, there are two buttons: 'Back' and 'Next >'. The 'Next >' button is highlighted in green.

Token Details Token Icon Features Create Token

**Features**  
Extra feature for your token

**Revoke Freeze**  
To create a liquidity pool, it's necessary to Revoke Freeze Authority of the Token.

**Revoke Mint**  
Another essential step to ensure reliability among users is revoking the mint authority.

**Immutable Metadata**  
Enhance security and trust by locking token metadata.

Back Next >

YOU ALSO CAN CONFIGURE THESE TOKEN AUTHORITIES:

- | REVOKE FREEZE AUTHORITY – OPTIONAL
- | REVOKE MINT AUTHORITY – OPTIONAL
- | IMMUTABLE METADATA – OPTIONAL

TOGGLE THESE ON OR OFF BASED ON YOUR PREFERENCES.

## STEP 6: REVIEW & MINT (STEP 4 OF FORM)
